

UCF FILM INTERNSHIP OPPORTUNITIES

The companies listed below have all had UCF interns – some have had several, some just one. You can contact them and inquire about internship opportunities or you can call a company you want to work for that's not on this list and ask if they accept interns. We are always happy to add willing companies to our list! The list is sorted by internship location.

After lining up a place to intern, have the employer fill out an Employer-Student Agreement. Make an appointment to come see me, Lisa Peterson, and we will handle the rest of the paperwork. See my website for details and the forms:

<http://lisacookfilm.wordpress.com/internships/>

For internships in the UCF Film Department Equipment Room, you must first check with UCF Financial Aid to determine if you are eligible for work/study. Then and only then, go see Jon Bowen about opportunities. The Equipment Room can only accept work study students and ONLY financial aid can tell you if you are eligible, not the film department.
